Profile Summary

B.Tech CSE (AI & ML) student with hands-on experience in Python and Machine Learning. Completed internship at DRDL, Hyderabad, working on secure computation using Microsoft SEAL. Developed AI-based projects and interested in data engineering and scalable solutions.

Internship

AI/ML Intern, Defence Research & Development Laboratory (DRDL)	05/2025 – 07/2025
- Completed a 3-month internship at DRDL, Hyderabad. - Worked on mathematical operations using Microsoft SEAL, focusing on homomorphic encryption. - Implemented basic secure computation techniques on encrypted data. - Gained knowledge in data security, encryption, and privacy-preserving computation.	Hyderabad, India

Education

B.Tech - CSE (AI & ML), Geethanjali College of Engineering and Technology	2023 – 2026
Diploma - Metallurgical Engineering Jawaharlal Nehru Government Polytechnic College	2020 – 2023

Skills

Technical Skills

- Programming: Python, Java
- Web: HTML, CSS, JavaScript (Basic)
 - AI/ML: Machine Learning
 - Tools: Git, Jupyter Notebook

Projects

AI Nutrition Analyzer

Developed an AI-based food image recognition system using Python and machine learning techniques to identify food items and estimate calorie and nutrition values from images.

Multilingual Image Captioning

Built a deep learning model that generates image captions and translates them into multiple languages using NLP techniques.

Secure Computation using Microsoft SEAL (DRDL Internship)

Implemented secure computation using Microsoft SEAL to perform mathematical operations on encrypted data.

Certifications

- DRDL Internship Certificate – Mathematical Operations Using Microsoft SEAL
- Cisco Networking Academy - Networking Essentials - Python Essentials
- Introduction to IoT - Cybersecurity Essentials
